

Finning (UK) Limited 750 & 600

Finning International Inc is one of the world's largest distributors of Caterpillar plant equipment and power systems. Established over 75 years ago, they employ some 13,000 people in Canada, South America and the UK.

Cromadex Birmingham supply Finning's UK division (Finning (UK) Limited) with a highly durable industrial wet paint system that is used on a wide range of their products.

In particular, Finning coat engines used on a variety of vehicles.

Finning use Cromadex 750 Two Pack Epoxy Primer and 600 Two Pack Polyurethane Topcoat.

Graham Horton, Paintshop Manager explains:

"Cromadex's products are great and the aftercare and customer service are second to none. The delivery times are fantastic."
