## Award Winning Project

AkzoNobel Powder Coatings are proud to be associated with a multi million pound award winning project – Carnival Cruises Head Office in Southampton, UK.

Carnival Cruises are the largest cruise operator in the world and have been operating for over thirty five years. Their prestigious new headquarters has been designed to provide a view of the West Quay harbour, overlooking ships such as the Queen Mary and Queen Elizabeth II. The building comprises of approximately 15,000 sq ft of office space over five floors and also includes an interior winter garden.

Interpon D Approved Applicator Vertik-AI applied Interpon D1036 to the curtain walling of the building. The colour chosen was “Silver” which is one of the popular finishes from the Interpon Collection Futura range.

The project was a great success and won fabricator Alumat “**G08 Glass Project of the Year**”, a newly created award, designed to reward those involved in the creative and practical use of glass in a project.
